AKG
by HARMAN

TRUE AKG® ACCURACY. UNMISTAKABLE QUINCY JONES STYLE.

With three signature colour combinations to choose from, Q 350s make for a sleek and stylish upgrade to any portable device without compromising best-in-class sound or comfort. Designed for durability and high output with the precise, unfiltered acoustics that have made AKG® headphones the studio standard for more than 60 years, Q 350s crank out big sound at a quality that few headphones can match – no matter their size.

At just 3 grams (without cable), you'll be hard-pressed to find a set of headphones that weigh less and do more. Three sizes of foam ear sleeves ensure a comfortable fit for any size ear canal, reducing ear fatigue and providing for hours of continuous use.

Perfect for the gym, air travel or a run – anywhere you require AKG quality audio and a one-of-a-kind look in a headset that's so lightweight, you'll forget you're wearing some of the best ear buds available.

"Style matters. But substance matters more."
